

Transatlantic Race 2019 How to Follow the Competition

Race Tracking

Each yacht is equipped with a YB tracking device, which will enable anyone with a computer, tablet, or smart phone to follow, in real-time, the progress of individual yachts, a single class, or the entire fleet during the Transatlantic Race 2019.

The tracker can be found here: <http://yb.tl/tr2019> .

You can also view the tracker on a tablet or smartphone. You must first download the YB Races app, then within the app, add the TR2019 race. There is no charge to follow this race.
